

**GENTING PLANTATIONS BERHAD ("GENP") COLLABORATES WITH CENERGI SEA BERHAD FOR CARBON CREDIT PROJECT ORIGINATING FROM PALM OIL PROCESSING ACTIVITIES AT GENTING AYER ITEM OIL MILL**

GENP is in collaboration with Cenergi SEA Berhad on a biogas plant project adjacent to the Genting Ayer Item Oil Mill. The biogas plant project, which is targeted to be operational in the last quarter of 2025, is a reflection of GENP's continuous sustainability commitment to reduce greenhouse gas emissions. This carbon credit project, originating from activities at Genting Ayer Item Oil Mill, is implemented in accordance with the VERRA Standard.

With reference to the mentioned carbon credit project, we are pleased to inform that carbon credits may be issued through Verified Carbon Standard ("VCS") Project ID 4279 for the greenhouse gas emission reductions or removals associated with products by Genting Ayer Item Oil Mill whose emissions footprint is changed by the project activities. For any enquiries with regard to the carbon credit project ID 4279, please contact Mr Jayson Ng at [sengthong.ng@gentingplantations.com](mailto:sengthong.ng@gentingplantations.com) or Ms. Siti Khaleelah at [sustainability@cenergi-sea.com](mailto:sustainability@cenergi-sea.com)

*Kredit karbon dijangka akan dihasilkan melalui pengurangan atau penghapusan perlepasan gas rumah hijau melalui aktiviti projek di kilang kelapa sawit Genting Ayer Item Oil Mill di bawah Verified Carbon Standard ("VCS") Projek ID 4279.*

*Sebarang pertanyaan dan maklumbalas berkaitan projek kredit karbon ID 4279 boleh diajukan kepada Encik Jayson Ng at [sengthong.ng@gentingplantations.com](mailto:sengthong.ng@gentingplantations.com) atau Cik Siti Khaleelah melalui emel [sustainability@cenergi-sea.com](mailto:sustainability@cenergi-sea.com)*
